

CITY OF NEVADA CITY
CITY MANAGER'S REPORT
September 23, 2009

To: Honorable City Council

From: Gene Albaugh, City Manager

- 1. The Amgen announcement of the selected cities was to be made in Los Angeles on Tuesday, September 22nd . However, a conference phone call late last week from the Amgen Tour staff advised of a postponement of the announcement to mid-October. My optimism remains quite high.**
- 2. Mid-October is now the time for completion of the pavement rehabilitation project on Interstate 80 and the detour that began through Nevada City this past spring according to CalTrans. Also, there are no other major projects scheduled on I-80 for a least three years.**
- 3 We received a letter, following up a phone call, from the California Regional Water Quality Control Board which indicates that Nevada City is the subject of an Administrative Civil Liability Complaint for Assessment of Minimum Penalties (\$3,000) at the Wastewater Treatment Plant. Staff is working to sort out the details and respond to the CRWQCB in a timely manner.**
- 4, Unemployment rates in Nevada City for the period ending in July show an unemployment rate of 17.1%. Preliminary Sales Tax amounts for the quarter ending June 30, 2009 show that compared to the same quarter last year there continues to be a substantial drop in total sales reported in Nevada City to the Board of Equalization.**
- 5. Presentation by Congressman Tom McClintock to the City recognizing the 43rd Annual Constitution Day Parade. From the Congressional Record. The Congressman was here and rode in the parade.**
